DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 20-22,27,36-43,45-46 are rejected under 35 U.S.C. 102(b) as being anticipated by Brooks 3,784,110.

Brooks discloses a foam chemical flow dispenser (14), which comprises a foam chemical foam dispenser body (22) with a mixing module (29) placement portion, a pivotable door/closure device (54) pivotably supported by the dispenser body and comprising a covering plate (60) and the pivotable door being movable between a mixing module hold position and a mixing module access position (col. 4, ll. 22-37), means for (57) releasably locking the door in the hold position, wherein the means for releasably locking includes a toggle clamp as seen in Figure 3.

The device shown by Brooks will perform the method recited in claims 40-43,45-46 during normal operational use of the device.

Allowable Subject Matter

3. Claims 1-15,17-19,28-31,33-35 are allowed.
4. Claims 23-26 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Arguments

5. Applicant's arguments filed 5/23/2006 have been fully considered but t are moot in view of the new ground(s) of rejection.

Conclusion

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
